

Parent Meetings

WHY ARE THEY IMPORTANT?

The Culture House productions involve directors, students and parents in 8-10 weeks of fun. The more informed the parents are of the whole process the easier it is for parents to plan accordingly and the students to focus on their performance. The first Dance School Parent Meeting is held in February. All meeting dates and times can be found on the website calendar.

Parent Meetings cover the broadest scope of information regarding the entire process. You will meet directors, hear their vision for the show, get detailed explanations of the rehearsal schedule, costume, makeup and hair requirements as well as find out what to expect on production week.

In addition, these meetings allow you to find out more about the volunteer opportunities and to meet the committee leaders and other parents involved.

Please make these meetings a priority as they are a requirement for parents with students in the cast.
